Blair Burchard, a Chester Mill Worker, Suffering From Two Dangerous Wounds.

### A BRAWL BETWEEN BLACK AND WHITE MEN

The Injured Man Is Supposed to Have Interfered to Prevent a Possible Murder.

#### HIS SUPPOSED ASSAILANT IS UNDER ARREST

Blair Burchard, a heater in the Chester tin mill, is in a critical condition at his home, Third and Steubenville streets, Wellsville. He has two wounds in his neck received while attempting to act as peacemaker in a brawl that started between black and white men in "Ginger" Davis' saloon on Front street and terminated in Butler's restaurant next door.

George Snowden, a colored employee of Menough's foundry, is under arrest and believed to have fired the shots. The timely arrival of Officer House, probably saved a worse state of affairs. A girl's screams from the door of the restaurant reached the officer's ears Thursday night at 10 o'clock. When he rushed up she said: "Oh, those men are shooting and killing each other."

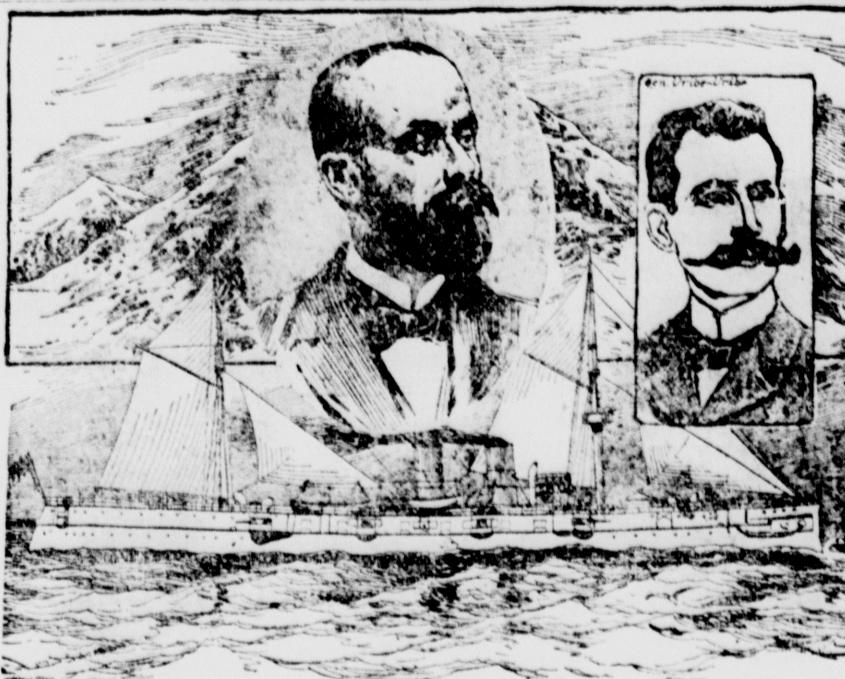

Houser hurried into the restaurant, but the crowd had vacated with the exception of Blair Burchard and the colored man, Snowden. Burchard was bleeding, but standing up and both men were placed under arrest.

The officer asked Ed Bunting to accompany him and the two men took Snowden and Burchard to the lockup. On leaving the place Houser saw Snowden hand a revolver to Charles Gallagher, the colored custodian of the restaurant. The prisoners were walked to the jail, Burchard perhaps fatally hurt, although the officer did not know that the man was so seriously wounded.

Snowden was placed in a cell and Burchard was put on a cot in the corridor. Dr. Angus Noble was summoned and Dr. Albert Fraser later attended the patient with Dr. Noble.

One bullet was found to have entered the left side of Burchard's neck, about an inch below the ear. It passed to the opposite side and was removed from its position immediately beneath the skin.

The other bullet wound was about an inch below the first one, but the ball had taken an upward course and

PRESIDENT CASTRO, GENERAL URIBE-URIBE AND THE CRUISER CINCINNATI.

The cruiser Cincinnati, to which has been depicted the task of safeguarding American interests in Venezuela which our government feared might be jeopardized by the recent turn of the rebellion in that country, is amply able to give a good account of herself. It will be remembered that President Castro backed General Uribe-Uribe in an insurrection designed to overthrow the government of Colombia. Meanwhile Castro's own people rebelled against his rule. Uribe-Uribe was defeated in Colombia and Castro's government is now in a precarious condition.

## YOUNGSTOWN LINE

Company to Build a Steam Rail-way From Mahoning's Capital to East Liverpool.

Columbus, July 5. — (Special) — Youngstown and East Liverpool are about to be brought nearer to each other. Before long the map will show the Youngstown & Southern railway, and the inhabitants along the line will reckon the time by passage of the "u" freight.

The railway company is a recent creation. It has been discussed and silently considered for years. Hon. Asa W. Jones on Thursday entered the office of the secretary of state with an armful of legal looking documents. They

proved to be articles of incorporation for the company which proposes to build the road. It will be a steam railroad.

Besides General Jones, the following gentlemen are interested in the incorporation: R. L. Andrews, William S. Anderson, John R. Ruhlmans and W. S. Ruhlmans. The capital stock is at present only \$10,000, but it is understood that this will be increased as required. It is proposed to begin operations as soon as possible, all the preliminary arrangements having been completed.

Parade of Yesterday Morning an Impressing One—Program at the Park Followed By Grand Ball—The Visitors Departed.

Beautiful weather marked the opening of the closing day's session of the biennial Bezirks turnfest of the Pittsburgh district. There was one slight shower during the afternoon, and it did not last long enough to mar the pleasure of the visitors. Many of the visitors commenced to celebrate the Fourth Thursday evening, and yesterday every person was in the best of humor.

The parade during the morning through the main streets of the city was imposing, and the several societies as they marched to the park were warmly applauded. The parade was headed by the city police and members of the city council riding in carriages. Several trades were represented, but the several societies were the main features.

There was nothing special going on at the park yesterday morning other than personal enjoyment. The visitors certainly were having a fine time. Especially can this be said of the ladies of the Johnstown Turnverein. They attracted an unusual amount of attention. Never before was there a more orderly crowd of visitors in the city. There was a mass waltz exercise at the park in the afternoon, which was one of the most pleasing exercises of the week. # ONE GAME LOST AND ONE VICTORY

Result of Ball Games With the Fairbanks on Independence Day.

## A LARGE CROWD AT PARK

The All-Cubans on Thursday Simply Had Things Their Own Way, and Proved the Best Team Here This Season.

In the two games played in West End park yesterday by the Fairbanks, of Allegheny, and the local aggregation, the latter won the first by a score of 9 to 3, while the visitors walked away with the latter by a score of 7 to 2. The largest crowd of the season was present at the morning game and a fair crowd in the afternoon, notwithstanding that there were numerous attractions in the city.

Had Probst, the pitcher for the visitors, held his head and had any control over the ball, the games might well have been classed the best witnessed up to date. Every man on both teams with the exception of Probst, played a fast game, and the errors made were remarkably few.

In the first game the score was a tie until the sixth inning when the locals by a spurt of good luck, and by a half dozen errors on the opposite side made six runs. The game was then tied up. Probst was in the air, giving about every other man up his base on balls, while Winters was doing finely. Kommer was substituted for Probst, and the remainder of the game was rather close.

Many Pittsburgers were present in the morning and rooted wildly for the Allegheny boys, but their jabber had little effect upon the locals. They were all down on Umpire Rark because he would not give them the best of it, but the staid little man paid no heed and meted out justice.

The second game was all that could be asked, unless some would have asked that the locals win. Kommer was a little too much for them, and had them in his power throughout. Ten men struck blindly at the wind and only five hits were registered against him. His south paw delivery worked to perfection. Patterson also pitched a pretty game, and the losing of it is by no means credited to him.

The only fire of consequence that occurred in the city yesterday took place last evening about 6 o'clock in the store room of J. J. McAllister, on Mulberry street, East End. McAllister was showing a customer how to set off some fire works, and in this he was quite successful.

The small piece that McAllister set off caused other rockets, Roman candles and such pieces to be set off, but not for the particular benefit of the customer. Soon there was a fire. The department was needed, and also a number of extinguishers.

There were fire works exploding all around the firemen, but they were undaunted in their work, and soon all the powdered goods were wet. The fire was soon put out, but the loss will amount to not less than \$250.

John T. Lacy has a jewelry department in the same store just opposite where the explosion took place. His loss will be slight, mainly by smoke. The buildings and stock are fully covered by insurance.

Yesterday afternoon, one of the visitors was going through a vaulting exercise, and when he was about to pass over the mark, at a height of about eight feet, the pole broke. Down fell the Turner, and with a thud. It was thought at first that some injury might have been caused to his back, but he was unhurt.

#### Back to Blue Grass Land.

A number of persons residing in Chaffinville, who came here from Kentucky, have returned to the south, where they will visit their former homes for a few weeks. All, it is said, expect to return to the East End, as work seems to be plenty. When they return they will probably bring others with them.

#### Buying Much Wool.

Constable James Miller is now working in the country back of the East End purchasing wool. He secured several thousand pounds Thursday, and yesterday he went to Shippingport where he expected to secure not less than 4,000 pounds.

#### Presbytery Meeting.

The presbytery of the Steubenville U. P.'s will meet in the Second church, East Liverpool, next Tuesday at 1:30 p. m. Rev. D. W. McQuiston will be installed pastor in the evening. The annual report of the Presbytery shows \$7,572.26 contributed to benevolence during the year ending April 15, 1902.

#### ON BAD TERMS

Chickens Fought and Then Their Owners Followed the Example.

Again Sandy Bottom, the scene of so many family battles, was brought to notice yesterday. This time W. F. Shorts, a law abiding citizen of Kentucky, and Peter Fleisch were the main attractions. The two families are neighbors, and recently each family had chickens. The chickens fought. So did their owners, until Shorts sold his chickens, and told Fleisch to keep his in his own yard. Fleisch told Shorts to build a fence and all trouble would be at an end. Then Shorts claims the women fell out. Now the men folks are on bad terms.

Shorts told his troubles as best he knew how to the officers at the East End fire station last evening, and said Fleisch carried a revolver out of the house, held it in his hand and said several things to Shorts which he did not like. No arrests were made, nor are any likely. When Shorts became excited over the affair he asked for a policeman to come and arrest Officer Fisher.

#### INHUMAN CRUELTY

Charged Against the Mother of a Six-Year-Old Child in the East End.

Residents of Pennsylvania avenue, near the old gravel bank of the East Liverpool railway have witnessed the most inhuman acts within the past few days. People who reside on Erie street, which is back of the house in question, on Pennsylvania avenue, propose to notify and make a complaint to the police authorities about a well known woman of that district. This woman, so the story is told, has been beating a small son, about 6 years old, in such a brutal manner that the child's screams have been heard for a square at least.

A well known resident of Erie street and several on Pennsylvania avenue, in the vicinity of this home, claim that the mother chastises the boy for the slightest offense, using a club, stake, broom or anything that she can place her hands on. It is very likely the matter will reach a justice's court before long.

#### A Chip Off the Old Block.

Alex Chafin is the father of several children, and one of them a boy named Ben, aged 9 years, went to Columbian park yesterday morning. He had a pistol, also some blank cartridges. He shot a few blanks, and one of them struck one of the fingers of his left hand. Mr. Chafin, being a kind father, when he saw the boy coming home with his hand in a bandage, asked what was the matter. "O, what's that to you?" asked the boy, and this was all the satisfaction Mr. Chafin received.

#### Defeated Fredericktown Twice.

The East Liverpool Athletics, composed of well known pottery workmen, defeated the Fredericktown team in that village yesterday in two games by the scores of 7 to 2 and 15 to 7. The first game was a fine one up to the seventh inning, neither scoring until that inning.

## LARGEST EARNINGS REPORTED.

Such Were Those of the Railroads

In Spite of Many Drawbacks—General Level of Grain Prices Higher The Failures.

New York, July 5.—R. G. Dun & Co.'s Weekly Review of Trade, issued today, said in part:

Quiet conditions have prevailed in most branches of business, especially in those markets already affected by labor disputes. Large interest payments testify to the prosperous condition of railways, industrial corporations and financial institutions, and aside from the labor troubles, the half year just ended was remarkably satisfactory. Railway earnings for June exceeded last year's by 6.4 per cent and those of 1900 by 19.9 per cent.

In the iron and steel districts there have been no developments of importance. In the textile markets cotton goods sold freely at recent concessions and the tone was steady while woolen mills are more actively engaged, and buyers are in the eastern markets for raw material. Quotations of wool made a further slight advance, and firmness is expected at the London auction sale next Tuesday.

## Grain Prices Higher.

The general level of grain prices is higher for the week, especially corn and oats. Eastern markets reflected the strength, but did not share the activity. Both receipts and exports have been light, wheat arrivals amounting to only 2,463,393 bushels against 2,889,090 last year, and exports from all ports of the United States were 2,724,635 bushels, compared with 2,876,163 in 1901. Cotton prospects brightened with rain in the southwest, yet there was no weakness. The crop year closed with receipts of coffee at Brazil ports far surpassing all records, and prices remained at the bottom point.

In spite of many serious drawbacks railroad earnings for the half year just closed are the largest ever reported. Total gross earnings of all railroads in the United States, reporting for the half year to date, are \$618,470,598, a gain of 5.7 per cent over last year and 18.7 per cent over 1900. This report is practically complete for roads embracing three-fourths of the total mileage of the United States for five months, and includes partial returns for June.

## The Commercial Failures.

Commercial failures for the first half of 1902 numbered 6,165, with liabilities of \$60,374,856. Although this is an increase of \$4,579,166 compared with last year, and \$18,311,923 more than the exceptionally favorable record of 1899, it is necessary to go back 15 years to find another more gratifying showing than that of 1902.

Despite a few exceptionally heavy failures in British Columbia, liabilities in the dominion of Canada for the first half of the year were only \$5,739.

## ROGERS MAN KILLED

Died at Pittsburg of Injuries Received in the Panhandle Railroad Tunnel.

Charles Huston, 34 years old, of Rogers, Okla., died at the West Penn hospital, Pittsburgh, Thursday, as the result of injuries sustained in the Fourth avenue tunnel of the Panhandle railroad on June 28. Huston was a lineman in the employ of the railroad company. On the date of the accident he was at work in the tunnel drilling a hole in which to fasten a cable hanger.

As he worked a westbound train was passing through the tunnel, which made so much noise that the sound of a train approaching on the eastbound track could not be heard. The train struck the ladder on which Huston was standing and he rolled beneath the engine, receiving injuries which caused his death.

Chronic Diarrhea.

This disease is generally regarded as incurable, mainly for the reason that the remedies usually employed are ineffectual. That it can be cured, however, has been fully proven in many cases. The following tells of one of them: Mr. T. W. Greathouse, of Prattsburgh, Ga., says: "I had been suffering from chronic diarrhea for seven years. Last year I began taking Chamberlain's Colic, Cholera and Diarrhea Remedy, and it has entirely cured me. I had spent lots of money for doctors' medicine in the run of of the seven years. If it had not been for this remedy I would have been dead now, and I feel that I can never say too much in its favor or recommend it too highly." Sold by Alvin H. Bulger, Druggist.

## The Home of Peruna

## The Hartman Sanitarium, Columbus, Ohio.

As is well known, Dr. Hartman is the president of the Hartman Sanitarium, an institution which has a department devoted exclusively to the treatment of female diseases. He is thus brought to see thousands of such cases every year, the most of whom return to their homes to be treated by correspondence.

## THE GREATEST OF AMERICA'S SANITARIUMS.

The principal remedy he relies upon in such cases is Peruna, which every woman should have, who has any affection of this kind.

In view of the great multitude of women suffering from some kind of female disease, and yet unable to find any cure, Dr. Hartman, the renowned gynecologist, has announced his willingness to direct the treatment of as many cases as may make application to him during the summer months without charge.

The treatment will be conducted by correspondence. The doctor will prescribe all medicines, applications, hygienic and dietary regulations necessary to complete a cure. The medicines prescribed can be obtained at all drug stores. This offer will prevail during the summer months. Any woman can become a regular patient by sending a written statement of her age, condition of life, history and symptoms of her derangements.

All cases of female diseases, including menstrual irregularities, displacements, ulcerations, inflammations, discharges, irritation of the ovaries, tumors and dropsy of the abdomen, should apply at once and become registered as regular

patients. All correspondence will be held strictly confidential. No testimonials of cures will be given to the public except by the express wish of the patient.

No one knows better than Dr. Hartman how much the women suffer with diseases peculiar to their sex. No one knows better than he does how many of them suffer with such diseases. Patiently, hopefully, wearily, and often silently, they eke out a miserable existence year after year.

A woman confined to the house several years with a chronic female derangement had finally given up all hope of being cured. She had tried physician after physician, and remedy after remedy, without any permanent improvement. Her treatment had cost her husband, who was a poor man, hundreds of dollars. They had been obliged to deny themselves many comforts of life in order to get money enough to pay the physicians.

Picking up the paper one day she happened to read an item which contained the news that Dr. Hartman would treat such cases free of charge by letter. She immediately wrote the doctor, describing her case, and giving him all her symptoms. She soon received a letter telling her exactly what to do and what medicines and appliances to get. She began the treatment (the principal remedy being Peruna) at once, and in a few weeks was well and strong again and able to do her own work.

"Every day it was a worry. I was always sick. I had come to the conclusion to give up, and not use any more medicine. I was sick indeed for the past two years. Just before I began to take Peruna I was very weak, besides I was bilious and constipated.

"I had pains in my back and side and falling of the womb, with bearing down pains.

"One day while reading my newspaper, I came across an ad, read of the book for women entitled, 'Health and Beauty,' and sent for it. Then I began to use Peruna. After using several bottles I am now thoroughly cured."

MISS IDA GREEN.

Mrs. Theresa Keller, of Fremont, Wash., writes:

"Peruna not only cured me of female trouble but prevents me catching any cold, and as long as I have a bottle in the house my family needs no doctor."

There was a time a few days ago when the local industrial situation looked rather gloomy. But on Thursday, the Evening News Review, in advance of all its contemporaries, was able to lay before its readers official confirmation of its previous prediction that there would be no pottery strike. The result was that thousands of people in this city who otherwise would have been in no mood for rejoicing entered into the celebration of the Fourth of July with zeal and enthusiasm. Good sense and wisdom have ruled in the settlement of the questions that had arisen between the operative potters and the manufacturers and they and all East Liverpool are to be congratulated. Strikes seldom pay and only rarely are they necessary in the labor world. A strike of potters this year would have been very ill-advised and altogether unprofitable. The News Review is never a croaker nor a prophet of evil, and none of doleful rumors and baseless predictions which have disturbed the local business world in the past few weeks have found their way into its columns. The exact news of the situation we have given fairly and fully; senseless chatter and malignant efforts to promote strife we have rebuked and discredited. That is the proper course for a newspaper which believes in promoting rather than destroying the interests of its home town, and we are confident it has met with popular approval.

It is now said that the beet sugar congressmen have importuned the president in such speeches as he may make at different points throughout the country this summer and fail not to discuss Cuban reciprocity, threatening, if he does, to defeat the measure again. The nerve of this demand is superb, but it will hardly save them. And the president is not giving it the least attention. He is a man who speaks his mind.

In 1776 the Independence day celebration was participated in by a couple of million of people dwelling along the Atlantic coast. In 1902 it is observed by 80,000,000 to 90,000,000 of people, scattered from the Arctic circle to Porto Rico, and from Eastport, Me., to the extremity of the Philippine archipelago.

For a city that had no advertised or pre-arranged Fourth of July program, East Liverpool certainly did the thing.

up brown. It is a safe statement that we had a much better and more enjoyable celebration than many cities which spent a great deal of time in preparation for such an event.

President Roosevelt celebrated the Fourth by making it one of his busiest days. His speech at Pittsburg was no high-sounding holiday address, but a grand, thoughtful and patriotic speech, as worthy of careful perusal as a message to congress.

The war taxes are a thing of the past, with the exception of the tax on mixed flour and on tea, and tea will be untaxed after January 1 next. A reduction of \$70,000,000 in taxation at one stroke is large beyond precedent, but the Republican party can stand it.

The East Liverpool postoffice has done a business unprecedently large during the past quarter. Such figures as it reports tell the story of the city's prosperity in a way that is both impressive and eloquent.

Senator Bailey "regrets the necessity" of his physical assault on a brother senator. Mr. Bailey's necessity knows no law and no propriety, either.

The length of the accident list shows that the Fourth was observed strenuously and earnestly.

Many a man who noisily celebrated yesterday resembled an exploded firecracker today.

Young America and old America both found abundant reason for rejoicing.

The Turners found East Liverpool hospitality the genuine article.

The delayed hot weather has arrived all in a bunch.

## POTTERY NEWS

One of the best known pottery firms in the city has within the past fortnight been experimenting with the making of a fine grade of china, and the results so far obtained are more satisfactory than was anticipated. Several dishes that have been fired show unusually good workmanship, and it is the intention of this firm, as soon as it is found that a good grade of high class china can be made, to branch out on that particular line on a large scale. Some years ago the making of fine china was begun here, but the trade was never as extensive as it might be. If the present experiments prove as successful as expected, the East Liverpool grade of high class china will be found equal to that anywhere.

## PANIC STRICKEN

Were Passengers on a Car That Started to Run Away—None Seriously Hurt.

A car on the East Liverpool railway got up as far as Third street on Washington street, at 5 p.m., yesterday, when the power gave out. The motor-man lost control and the car started down hill. The passengers became panic stricken and made a break to jump. One woman who was on the rear platform was caught in jumping by Proctor Ankrim, a spectator. A man immediately jumped off behind Ankrim and the lady and knocked them both down, but Ankrim saved the lady and himself from going under the car wheels by pushing their bodies away with his foot.

A car following the runaway had to hastily back to Second street to get out of the way, and the runaway was finally stopped at the foot of Washington street. The accident created great excitement.

At the Park Tomorrow.

Owing to the inclement weather last Sunday evening the transformation choir was unable to sing at Rock Springs park. This attraction, which, by the way, was originated in this city, will appear at the park tomorrow evening. The choir is composed of some of the best singers in the city, and by those who have heard rehearsals, claim their singing to be of the finest order.

had a thrilling experience Thursday  
evening while attempting to cross  
Croxton's run, one mile above Toronto.  
toThe big storm in that section caused  
the run to overflow its banks, and so  
strong was the current that it tore out  
some of the abutments in the new  
county bridge recently finished.There were six of the party in a  
surrey, bound for John Walker's home  
in the country, and when Mr. Godman  
drove into the stream, the current  
carried and upset the carriage, throwing  
out a six-months-old baby of the  
Godman family and a young daughter,  
Lucy Daniels, 10 years old of the  
Daniels family. The others managed to extricate  
themselves and reach shore.  
The baby floated down the stream for  
quite a distance, and lodged against  
a rock, where it was rescued by  
Charles Petty.Lucy Daniels floated down the  
stream for several hundred yards  
clinging to a cushion of the carriage

was floating out into the current of the  
Ohio river.When the baby was rescued it was

## AS A PLAIN DRUNK

MAN WITH \$1,920 IN HIS POCKET  
WAS CLASSED.Robbed While in Jail—Aged Mother  
Appears Against  
Erring Son.With a check in his pocket worth  
\$1,920, Dennis Ryan, a wealthy con-  
tracting carpenter of Steubenville, was  
placed in the city jail last evening as  
a plain drunk. He was arraigned be-  
fore the mayor this morning and pre-  
sented a comical appearance, being  
minus his shoes, collar, cuffs, necktie  
and several other pieces of wearing  
apparel. He considered it a great  
joke on the authorities to have a cell  
from which even his clothing could be  
stolen while asleep. When arrested by  
Chief Thompson he was trying to  
buy Columbian park. He contributed  
\$5.00 of his roll to the city treasury.John Burris was arraigned. He had  
been drunk and was arrested by Officer  
Woods. Only \$5.00 could be im-  
posed. His mother, over 60, was pres-  
ent, and pleaded that the mayor make  
the fine as strong as possible, stating  
that he had abused her. She was moved  
tears while talking. The mayor  
reprimanded the brutal young man  
severely, and warned him that if he  
ever was incarcerated again for the  
same offense he will go to the work-  
house.John Hill, Minerva; Bert Hill, city;  
Jack Dempsey, Curley Costello, Joe  
Selvin, William Betts and Harry  
Gavers each got \$5.00. Joe McKee, of  
Wellsville, lingers in jail, and so do  
William Speidell and Patrick Keone,  
arrested this morning. Dempsey is al-  
so there yet.

the workmen have left the city, not expecting to return until the later part of next week.

The D. E. McNicol plant will resume operations on Monday. It will give all employees from a week to ten days' loaf. The Vodrey pottery will resume in full one week from Monday. Re-pairs are in progress.

One of the most important meetings that has been held in the Potters' club for a month or more is that which has been called for next Tuesday afternoon or evening. At this meeting it is anticipated that representatives of all potters west of the Allegheny mountains will be present, and it is supposed that the meeting is called for the purpose of ratifying the action of the conference committee. It is said the call has been sent out by one of the officers of the Western Manufacturers' association.

Ernest Farrell, foreman of the clay department of Laughlin No. 2, this afternoon announced that the clay department of that plant would resume operations in full Monday morning. The same can be said regarding plant No. 3.

Blair Burchard, a Chester Mill Worker, Suffering From Two Dangerous Wounds.

## A BRAWL BETWEEN BLACK AND WHITE MEN

The Injured Man Is Supposed to Have Interfered to Prevent a Possible Murder.

## HIS SUPPOSED ASSAILANT IS UNDER ARREST

Blair Burchard, a heater in the Chester tin mill, is in a critical condition at his home, Third and Steubenville streets, Wellsville. He has two wounds in his neck received while attempting to act as peacemaker in a brawl that started between black and white men in "Ginger" Davis' saloon on Front street and terminated in Butler's restaurant next door.

George Snowden, a colored employee of Menough's foundry, is under arrest and believed to have fired the shots. The timely arrival of Officer House probably saved a worse state of affairs. A girl's screams from the door of the restaurant reached the officer's ears Thursday night at 10 o'clock. When he rushed up she said: "Oh, those men are shooting and killing each other."

Houser hurried into the restaurant, but the crowd had vacated with the exception of Blair Burchard and the colored man, Snowden. Burchard was bleeding, but standing up and both men were placed under arrest.

The officer asked Ed Bunting to accompany him and the two men took Snowden and Burchard to the lockup. On leaving the place Houser saw Snowden hand a revolver to Charles Gallagher, the colored custodian of the restaurant. The prisoners were walked to the jail, Burchard perhaps fatally hurt, although the officer did not know that the man was so seriously wounded.

Snowden was placed in a cell and Burchard was put on a cot in the corridor. Dr. Angus Noble was summoned and Dr. Albert Fraser later attended the patient with Dr. Noble.

One bullet was found to have entered the left side of Burchard's neck, about an inch below the ear. It passed to the opposite side and was removed from its position immediately beneath the skin.

The other bullet wound was about an inch below the first one, but the ball had taken an upward course and

## FERRY POSTPONED.

The Congo ferry case in the circuit court of appeals at New Cumberland, was laid over until Monday. The case will be heard by Judge Hervey.

PRESIDENT CASTRO, GENERAL URIBE-URIBE AND THE CRUISER CINCINNATI.

The cruiser Cincinnati, to which has been depicted the task of safeguarding American interests in Venezuela which our government feared might be jeopardized by the recent rebellion in that country, is amply able to give a good account of herself. It will be remembered that President Castro backed General Uribe-Uribe in an insurrection designed to overthrow the government of Colombia. Meanwhile Castro's own people rebelled against his rule. Uribe-Uribe was defeated in Colombia and Castro's government is now in a precarious condition.

# ONE GAME LOST AND ONE VICTORY

Result of Ball Games With the Fairbanks on Independence Day.

## A LARGE CROWD AT PARK

The All-Cubans on Thursday Simply Had Things Their Own Way, and Proved the Best Team Here This Season.

In the two games played in West End park yesterday by the Fairbanks, of Allegheny, and the local aggregation, the latter won the first by a score of 9 to 3, while the visitors walked away with the latter by a score of 7 to 2. The largest crowd of the season was present at the morning game and a fair crowd in the afternoon, notwithstanding that there were numerous attractions in the city.

Had Probst, the pitcher for the visitors, held his head and had any control over the ball, the games might well have been classed the best witnessed up to date. Every man on both teams with the exception of Probst, played a fast game, and the errors made were remarkably few.

In the first game the score was a tie until the sixth inning when the locals by a spurt of good luck, and by a half dozen errors on the opposite side made six runs. The game was then tied up. Probst was in the air, giving about every other man up his base on balls, while Winters was doing finely. Kommer was substituted for Probst, and the remainder of the game was rather close.

Many Pittsburgers were present in the morning and rooted wildly for the Allegheny boys, but their jabber had little effect upon the locals. They were all down on Umpire Rrear because he would not give them the best of it, but the staid little man paid no heed and meted out justice.

The second game was all that could be asked, unless some would have asked that the locals win. Kommer was a little too much for them, and had them in his power throughout. Ten men struck blindly at the wind and only five hits were registered against him. His south paw delivery worked to perfection. Patterson also pitched a pretty game, and the losing of it is by no means credited to him.

## A FINE HALF YEAR.

Trade Remarkably Satisfactory, Aside From Labor Trouble,

## LARGEST EARNINGS REPORTED.

Such Were Those of the Railroads

In Spite of Many Drawbacks—General Level of Grain Prices Higher

The Failures.

New York, July 5.—R. G. Dun & Co's Weekly Review of Trade, issued today, said in part:

Quiet conditions have prevailed in most branches of business, especially in those markets already affected by labor disputes. Large interest payments testify to the prosperous condition of railways, industrial corporations and financial institutions, and aside from the labor troubles, the half year just ended was remarkably satisfactory. Railway earnings for June exceeded last year's by 6.4 per cent and those of 1900 by 19.9 per cent.

In the iron and steel districts there have been no developments of importance. In the textile markets cotton goods sold freely at recent concessions and the tone was steady while woolen mills are more actively engaged, and buyers are in the eastern markets for raw material. Quotations on wool made a further slight advance, and firmness is expected at the London auction sale next Tuesday.

## Grain Prices Higher.

The general level of grain prices is higher for the week, especially corn and oats. Eastern markets reflected the strength, but did not share the activity. Both receipts and exports have been light, wheat arrivals amounting to only 2,463,393 bushels against 2,889,090 last year, and exports from all ports of the United States were 2,724,635 bushels, compared with 2,876,103 in 1901. Cotton prospects brightened with rain in the southwest, yet there was no weakness. The crop year closed with receipts of coffee at Brazil ports far surpassing all records, and prices remained at the bottom point.

In spite of many serious drawbacks railroad earnings for the half year just closed are the largest ever reported. Total gross earnings of all railroads in the United States, reporting for the half year to date, are \$618,470,598, a gain of 5.7 per cent over last year and 18.7 per cent over 1900. This report is practically complete for roads embracing three-fourths of the total mileage of the United States for five months, and includes partial returns for June.

## The Commercial Failures.

Commercial failures for the first half of 1902 numbered 6,165, with liabilities of \$60,374,856. Although this is an increase of \$4,570,166 compared with last year, and \$18,311,923 more than the exceptionally favorable record of 1899, it is necessary to go back 15 years to find another more gratifying showing than that of 1902.

Despite a few exceptionally heavy failures in British Columbia, failures in the dominion of Canada for the first half of the year were only \$5,739.

## ROGERS MAN KILLED

Died at Pittsburg of Injuries Received in the Panhandle Railroad Tunnel.

Charles Huston, 34 years old, of Rogers, O., died at the West Penn Hospital, Pittsburg, Thursday, as the result of injuries sustained in the Fourth avenue tunnel of the Panhandle railroad on June 28. Huston was a line-man in the employ of the railroad company. On the date of the accident he was at work in the tunnel drilling a hole in which to fasten a cable hanger.

As he worked a westbound train was passing through the tunnel, which made so much noise that the sound of a train approaching on the eastbound track could not be heard. The train struck the ladder on which Huston was standing and he rolled beneath the engine, receiving injuries which caused his death.

## Chronic Diarrhea.

This disease is generally regarded as incurable, mainly for the reason that the remedies usually employed are ineffectual. That it can be cured, however, has been fully proven in many cases. The following tells of one of them: Mr. T. W. Greathouse, of Prattburgh, Ga., says: "I had been suffering from chronic diarrhea for seven years. Last year I began taking Chamberlain's Colic, Cholera and Diarrhea Remedy, and it has entirely cured me. I had spent lots of money for doctors' medicine in the run of the seven years. If it had not been for this remedy I would have been dead now, and I feel that I can never say too much in its favor or recommend it too highly." Sold by Alvin H. Bulger, Druggist.

## The Home of Peruna

The Hartman Sanitarium,  
Columbus, Ohio.

As is well known, Dr. Hartman is the president of the Hartman Sanitarium, an institution which has a department devoted exclusively to the treatment of female diseases. He is thus brought to see thousands of such cases every year, the most of whom return to their homes to be treated by correspondence.

THE GREATEST OF  
AMERICA'S  
SANITARIUMS.

The principal remedy he relies upon in such cases is Peruna, which every woman should have, who has any affection of this kind.

In view of the great multitude of women suffering from some kind of female disease, and yet unable to find any cure, Dr. Hartman, the renowned gynecologist, has announced his willingness to direct the treatment of as many cases as may make application to him during the summer months without charge.

The treatment will be conducted by correspondence. The doctor will prescribe all medicines, applications, hygienic and dietary regulations necessary to complete a cure. The medicines prescribed can be obtained at all drug stores. This offer will prevail during the summer months. Any woman can become a regular patient by sending a written statement of her age, condition of life, history and symptoms of her derangements.

All cases of female diseases, including menstrual irregularities, displacements, ulcerations, inflammations, discharges, irritation of the ovaries, tumors and dropsy of the abdomen, should apply at once and become registered as regular

patients. All correspondence will be held strictly confidential. No testimonials of cures will be given to the public except by the express wish of the patient.

No one knows better than Dr. Hartman how much the women suffer with diseases peculiar to their sex. No one knows better than he does how many of them suffer with such diseases. Patiently, hopefully, weakly, and often silently, they eke out a miserable existence year after year.

A woman confined to the house several years with a chronic female derangement

FEMALE SEX.

had tried physician after physician, and remedy after remedy, without any permanent improvement. Her treatment had cost her husband, who was a poor man, hundreds of dollars. They had been obliged to deny themselves many comforts of life in order to get money enough to pay the physicians.

Picking up the paper one day she happened to read an item which contained the news that Dr. Hartman would treat such cases free of charge by letter. She immediately wrote the doctor, describing her case, and giving him all her symptoms. She soon received a letter telling her exactly what to do and what medicines and appliances to get. She began the treatment (the principal remedy being Peruna) at once, and in a few weeks was well and strong again and able to do her own work.

Another woman who used Peruna without becoming one of Dr. Hartman's patients had the following experience: Miss Ida Green, from Baldwinville, Ga.:

ONE OF THE 200,000 WOMEN HELPED LAST YEAR.

"Peruna is wonderful and good, and a certain cure for female weakness. I have been ill and have been taking doctor's medicine for several years, and found that none did me any good.

"Every day it was a worry. I was always sick. I had come to the conclusion to give up, and not use any more medicine. I was sick indeed for the past two years. Just before I began to take Peruna I was very weak, besides I was bilious and constipated.

"I had pains in my back and side and falling of the womb, with bearing down pains.

"One day while reading my newspaper, I came across an ad, read of the book for women entitled, "Health and Beauty," and sent for it. Then I began to use Peruna. After using several bottles I am now thoroughly cured."—MISS IDA GREEN.

Mrs. Theresa Keller, of Fremont, Wash., writes:

"Peruna not only cured me of female trouble but prevents me catching any cold, and as long as I have a bottle in the house my family needs no doctor."—Mrs. Theresa Keller.

There was a time a few days ago when the local industrial situation looked rather gloomy. But on Thursday, the Evening News Review, in advance of all its contemporaries, was able to lay before its readers official confirmation of its previous prediction that there would be no pottery strike. The result was that thousands of people in this city who otherwise would have been in no mood for rejoicing entered into the celebration of the Fourth of July with zeal and enthusiasm. Good sense and wisdom have ruled in the settlement of the questions that had arisen between the operative potters and the manufacturers and they and all East Liverpool are to be congratulated. Strikes seldom pay and only rarely are they necessary in the labor world. A strike of potters this year would have been very ill-advised and altogether unprofitable. The News Review is never a croaker nor a prophet of evil, and none of doleful rumors and baseless predictions which have disturbed the local business world in the past few weeks have found their way into its columns. The exact news of the situation we have given fairly and fully; senseless chatter and malignant efforts to promote strife we have rebuked and disconcerted. That is the proper course for a newspaper which believes in promoting rather than destroying the interests of its home town, and we are confident it has met with popular approval.

It is now said that the beet sugar congressmen have importuned the president in such speeches as he may make at different points throughout the country this summer and fail not to discuss Cuban reciprocity, threatening, if he does, to defeat the measure again. The nerve of this demand is superb, but it will hardly save them. And the president is not giving it the least attention. He is a man who speaks his mind.

In 1776 the Independence day celebration was participated in by a couple of million of people dwelling along the Atlantic coast. In 1902 it is observed by 80,000,000 to 90,000,000 of people, scattered from the Arctic circle to Porto Rico, and from Eastport, Me., to the extremity of the Philippine archipelago.

For a city that had no advertised or pre-arranged Fourth of July program, East Liverpool certainly did the thing

up brown. It is a safe statement that we had a much better and more enjoyable celebration than many cities which spent a great deal of time in preparation for such an event.

President Roosevelt celebrated the Fourth by making it one of his busiest days. His speech at Pittsburg was no high-sounding holiday address, but a grand, thoughtful and patriotic speech, as worthy of careful perusal as a message to congress.

The war taxes are a thing of the past, with the exception of the tax on mixed flour and on tea, and tea will be untaxed after January 1 next. A reduction of \$70,000,000 in taxation at one stroke is large beyond precedent, but the Republican party can stand it.

The East Liverpool postoffice has done a business unprecedently large during the past quarter. Such figures as it reports tell the story of the city's prosperity in a way that is both impressive and eloquent.

Senator Bailey "regrets the necessity" of his physical assault on a brother senator. Mr. Bailey's necessity knows no law and no propriety, either.

The length of the accident list shows that the Fourth was observed strenuously and earnestly.

Many a man who noisily celebrated yesterday resembled an exploded firecracker today.

Young America and old America both found abundant reason for rejoicing.

The Turners found East Liverpool hospitality the genuine article.

The delayed hot weather has arrived all in a bunch.

## POTTERY NEWS

One of the best known pottery firms in the city has within the past fortnight been experimenting with the making of a fine grade of china, and the results so far obtained are more satisfactory than was anticipated. Several dishes that have been fired show unusually good workmanship, and it is the intention of this firm, as soon as it is found that a good grade of high class china can be made, to branch out on that particular line on a large scale. Some years ago the making of fine china was begun here, but the trade was never as extensive as it might be. If the present experiments prove as successful as expected, the East Liverpool grade of high class china will be found equal to that anywhere.

Special mention was also made of the ladies' fencing class of the Johnstown Turnverein, and well deserved it was. Each and every member of this class acquitted herself admirably, and too much cannot be said of their work.

The individual class winners of the Allegheny society were: Ernest Schleip, Richard Schultz, Eddie Geiseltal, Harry Ruetters, who received a diploma for fencing and apparatus work; Edward Weiterhauser, Herman Bleedel. In the evening a grand ball was given in the Turner hall, which was largely attended. It was a success in every particular. It was also announced last evening that the local society was about \$900 in debt as a result of the bad weather, but they hoped to clear all expenses before the close of the fest.

Joseph Daniels, of New Cumberland,  
had a thrilling experience Thursday  
evening while attempting to cross  
Croxton's run, one mile above Toronto.The big storm in that section caused  
the run to overflow its banks, and so  
strong was the current that it tore out  
some of the abutments in the new  
county bridge recently finished.There were six of the party in a  
surrey, bound for John Walker's home  
in the country, and when Mr. Godman  
drove into the stream, the current  
carried and upset the carriage, throwing  
out a six-months-old baby of the  
Godman family and a young daughter,Lucy Daniels, 10 years old of the  
Daniels family. The others managed to  
extricate themselves and reach shore.The baby floated down the stream for  
quite a distance, and lodged against  
a rock, where it was rescued by  
Charles Petty.Lucy Daniels floated on down the  
stream for several hundred yards  
clinging to a cushion of the carriage  
and was rescued by boat just as she  
was floating out into the current of the  
Ohio river.When the baby was rescued it was  
unconscious and red in the face. After  
superhuman efforts in rolling and other  
restoratives the little one finally  
was saved from death.Lucy Daniels was also much over  
come, but did not undergo the exper-  
ience of the babe.The surrey was completely wrecked  
and with difficulty both horses were  
got out from the angry waters.The accident brought to the scene  
hundreds of spectators from Foster-  
ville suburb and many of them assisted  
in the attempts to rescue the chil-  
dren and other members of the fam-  
ily from the waters.Mrs. Daniels was rescued with diffi-  
culty still clinging to the carriage, and  
a spectator plunged in and brought her

## AS A PLAIN DRUNK

MAN WITH \$1,920 IN HIS POCKET  
WAS CLASSED.Robbed While in Jail—Aged Mother  
Appears Against  
Erring Son.With a check in his pocket worth  
\$1,920, Dennis Ryan, a wealthy con-  
tracting carpenter of Steubenville, was  
placed in the city jail last evening as  
a plain drunk. He was arraigned be-  
fore the mayor this morning and pre-  
sented a comical appearance, being  
minus his shoes, collar, cuffs, necktie  
and several other pieces of wearing  
apparel. He considered it a great  
joke on the authorities to have a cell  
from which even his clothing could be  
stolen while asleep. When arrested  
by Chief Thompson he was trying to  
buy Columbian park. He contributed  
\$5.60 of his roll to the city treasury.John Burris was arraigned. He had  
been drunk and was arrested by Offi-  
cer Woods. Only \$5.60 could be im-  
posed. His mother, over 60, was pres-  
ent, and pleaded that the mayor make  
the fine as strong as possible, stating  
that he had abused her. She was moved  
tears while talking. The mayor  
reprimanded the brutal young man  
severely, and warned him that if he  
ever was incarcerated again for the  
same offense he will go to the work-  
house.Don Hill, Minerva; Bert Hill, city;  
Jack Dempsey, Curley Costello, Joe  
Selvin, William Betts and Harry Gav-  
ers each got \$5.60. Joe McKee, of  
Wellsville, lingers in jail, and so do  
William Speidell and Patrick Keane,  
arrested this morning. Dempsey is al-  
so there yet.

# THE PRESIDENT'S OWN POLICIES

Announced to Many Thousands  
In Schenley Park, at  
Pittsburg.

## TRUST LAWS TO BE ENFORCED

But New Legislation Is Needed to  
Regulate the Great  
Combinations.

## CUBAN RECIPROCITY MUST BE

Strong and Determined Speech Made  
by the President—Given Enormous  
Ovations En Route to Depot to  
Park—Lunched at Home of H. C.  
Frick—Later Spoke at a Dinner at  
the Schenley Hotel, Given by At-  
torney General Knox—Left Early  
This Morning for Oyster Bay, L. I.

Pittsburg, July 5.—President Roosevelt spoke at Schenley park yesterday to a crowd estimated at from 75,000 to 100,000. On the platform with him were Attorney General Knox, Secretary to the President Cortelyou, ex-Governor Pattison, Democratic candidate for governor of Pennsylvania; Judge Pennypacker, Republican candidate for governor of Pennsylvania; Governor Stone, of Pennsylvania; Congressman Dalzell and others more or less prominent.

### President Is Determined.

The president spoke in a determined manner, in announcing his policies, one of which was that reciprocity with Cuba WILL be enacted, any member of revolution that may flame up in the Philippines WILL be put down, and that the laws against trusts will be enforced, and also that new legislation for the regulation of trusts should be enacted.

As the president's train came to a standstill at the Union depot, at 8:44, a salute was fired by Battery B.

After waiting in the car for a time the president and others appeared, the carriages were filled, and the parade started. Brigadier General Wiley had charge of the parade.

Sheridan troop surrounded the carriage with the president and also took up the line in front of it with drawn sabers, and at the sound of the bugle the line began to move at 9:20 o'clock.

The president's carriage was a new landau, drawn by four black horses with gold mounted harness, with Driver John Brooks on the box. Brooks has driven Presidents Harrison and McKinley on their visits to this city, and as he started his horses the crowds again rent the air with cheers. With the president rode Recorder J. O. Brown, Attorney General P. C. Knox and George B. Cortelyou Detectives William Shore, Bernard McStay, William Bradley, of this city, and Detectives Frank Helan and Charles Peck, of Washington, marched on each side of the carriage. Directly in the rear of the carriage rode Colonel John P. Penney, special aid to the president. Behind was a carriage in which rode Superintendent of Detectives Philip Demmel and two special service men.

### Gubernatorial Candidates There.

Among those in the other carriages were: Governor Stone, Gubernatorial Candidates Pennypacker, Patti son, Congressmen Graham, Dalzell, Acheson, Boles and Jack, General Hulings and Revs. Drs. Boyle and Prugh. Following were Battery B, Boys brigades, Eighteenth, Fourteenth and Tenth regiments, N. G. P., Sheridan Troop, Swift's Mission Cadets and other military and civic organizations.

On the way from the station to the park the president was given ovations, to which he responded at times enthusiastically. He was also received with enthusiasm by the crowd on entering the grand stand.

The exercises at the park consisted of prayer by Rev. Dr. John H. Prugh, singing by the choir, reciting of the Declaration of Independence by Brig

## EASILY DECIDED

The Question Should Be Answered  
Easily By East Liverpool People.

Which is wiser—to have confidence in the opinions of your fellow citizens or depend on statements made by utter strangers? Read this:

Mr. Charles Smith, of 198 Fourth street, letter carrier, says: "I contracted cold which settled in my kidneys and caused such severe pain across the small of my back that I could scarcely get around my trip. I thought it would wear off, but as it did not, but grew worse, I got Doan's Kidney Pills at the W. & W. pharmacy, and took them. The result was the pain soon left me, and I am all right again."

Sold for 50 cents a box by all dealers. Foster-Milburn Company, Buffalo, N. Y., sole agents for the United States.

# Well Preserved

Women often astonish new acquaintances, who are introduced to a large family of strong boys and healthy girls, who call this young looking woman mother. It is popularly supposed that maternity is the foe of beauty, and the worn and faded face of many a mother seems to warrant the belief. But it is hard to believe that nature should compel a woman to sacrifice the rightful dower of her beauty in order to carry out a natural function of her being. And nature does not. The pains and sufferings incident to motherhood are, to a large extent, unnatural.

This is proved by the use of Dr. Pierce's Favorite Prescription, which prevents and cures nausea, tranquilizes the nerves, encourages the appetite, induces refreshing sleep, and makes the baby's advent practically painless.

Mrs. Orrin Stiles of Downing, Dunn Co., Wis., who has been attending to write to you ever since my last, we have regard to what you call "Favorite Prescription" has said: "I cannot praise it enough, for I have not been as well for five years as I am now. In July last I had a baby boy, weight 11 lbs., and I was only half sick all the time, and since I got up have not had one sick day. I have not had any uterine trouble since I got up. I was not only surprised myself but all my friends here are surprised to see me so well."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets clear the complexion and sweeten the breath.

General Hulings, speech by the president, more singing, brief remarks by Attorney General Knox and prayer by Rev. Dr. T. N. Boyle. A band helped amuse the crowd.

The president spoke in part as follows:

### Portion of President's Speech.

We have had our tasks to do in the last four years, or rather we have had, as every generation must have, its tasks to do, tasks affecting us abroad, and one of these tasks being done, as it has been, has signalled our entry into a larger world. (Applause.) And it is most appropriate that on this Fourth of July, this anniversary of the birth of the nation, it should be our good fortune to have negotiated the declaration establishing of peace in the Philippines and the acknowledgement to the army of the praise so richly due, on the part of the Americans who wear the uniform of the United States, for all that they have done for the past four years. (Applause.)

We said Cuba should become a free republic, and we have kept our word. (Applause.) To this we turned Cuba over to the hands of its own people, and the world have meant ruin and chaos. We established a government in the Islands. We established peace and order; we began to build up the payment of the Cuban troops who had fought against the insubordination of their oppressors; we instituted a public school system, modeled upon that which has been so potent a factor in our own national progress. (Applause.) We obtained a claim of Cuba for the first time in their history. (Applause.) We changed them from the most unhealthful to being among the healthiest cities of the civilized world. We introduced a system of orderly justice to succeed one of irresponsible and arbitrary rule, so that any man, rich or poor, weak or strong, could appeal to courts and know that he would receive his rights.

And then, when in the fullness of time, we felt they could walk alone, we turned them over to them, and now the beautiful Queen of the Antilles has started on her course as a free republic among the nations of the earth. (Applause.)

But there is one thing—our policy toward Cuba has not yet met with its entire fruition. It will not, with it, (Applause.) The course of the last few years has made more evident than ever before that this nation must in time to come have pecuniary interests on the Isthmus connecting the two Americas and in the water and among the Islands adjacent thereto. (Applause.) Naturally we cannot occupy the position toward these regions that we did toward others, where our interests are far less, and this is doubly true now that congress with great wisdom has provided for the building of an Intercoastal canal. (Applause.)

Cuba is not in a position to do anything in the field of international politics.

She must in the larger sense be a part of the general political system in international affairs of which this republic stands at the head. She has assented to that view, and in return this nation is bound to give her special consideration not given to other nations. (Loud applause.)

I regret that a measure of reciprocity with Cuba is not already embodied in statute or in treaty, but it will be just as sure as fate. (Applause.)

### Will Stamp Out Rebellion.

And now a word to the Philippines. There are yet troubles in the Manila country, the control of the Manila country, in the Philippines, among the Filipinos, among the people who have been in insurrection, peace now reigns. (Applause.)

It may be, I think unlikely, but it is possible, that here and there some seeming dead coal of insurrection may be left, and the moment that is left, it will burst into a fitful flame. It so that flame will be stamped out. (Loud applause.)

Put, speaking broadly and generally, peace has come. Our army has received its reward. (Applause.) And what was the reward of all this? The reward of the consciousness of duty well done. (Loud applause.) Our soldiers have fought, have toiled, have struggled, have died, so that when victory came they might avenge the government to the right authorities. (Applause.)

When we took the proclamation of peace and amnesty has been proclaimed and at the same time our generals have been notified that the civil government is supreme in the Islands. (Applause.)

I do not that speak well. Oh, my brethren, for our army, for our troops, that the troops of these people who were baying for a triumph which is to put the power into the hands of the civil authorities?

## A PEACEMAKER SHOT IN A WELLSVILLE ROW

Blair Burchard, a Chester Mill Worker, Suffering From Two Dangerous Wounds.

## A BRAWL BETWEEN BLACK AND WHITE MEN

The Injured Man Is Supposed to Have Interfered to Prevent a Possible Murder.

## HIS SUPPOSED ASSAILANT IS UNDER ARREST

Blair Burchard, a heater in the Chester tin mill, is in a critical condition at his home, Third and Steubenville streets, Wellsville. He has two wounds in his neck received while attempting to act as peacemaker in a brawl that started between black and white men in "Ginger" Davis' saloon on Front street and terminated in Butler's restaurant next door.

George Snowden, a colored employee of Menough's foundry, is under arrest and believed to have fired the shots. The timely arrival of Officer House probably saved a worse state of affairs. A girl's screams from the door of the restaurant reached the officer's ears Thursday night at 10 o'clock. When he rushed up she said: "Oh, those men are shooting and killing each other."

Houser hurried into the restaurant, but the crowd had vacated with the exception of Blair Burchard and the colored man, Snowden. Burchard was bleeding, but standing up and both men were placed under arrest.

The officer asked Ed Bunting to accompany him and the two men took Snowden and Burchard to the lockup. On leaving the place Houser saw Snowden hand a revolver to Charles Gallagher, the colored custodian of the restaurant. The prisoners were walked to the jail, Burchard perhaps fatally hurt, although the officer did not know that the man was so seriously wounded.

Snowden was placed in a cell and Burchard was put on a cot in the corridor. Dr. Angus Noble was summoned and Dr. Albert Fraser later attended the patient with Dr. Noble.

One bullet was found to have entered the left side of Burchard's neck, about an inch below the ear. It passed to the opposite side and was removed from its position immediately beneath the skin.

The other bullet wound was about an inch below the first one, but the ball had taken an upward course and

found lodgment in the base of the skull. It could not be removed without a fatal operation. Burchard was carried on a stretcher to his home.

A telegram was sent to the young man's wife, who was visiting relatives in Pittsburgh over the holiday, but owing to the density of the crowd around the depot, she could not reach the morning train and did not reach her husband until in the afternoon. The wounded man did not suffer greatly and believes that he will recover, but his condition is grave.

There are many statements as to the origin of the trouble. A lot of colored men are said to have quarreled over a game of craps in "Ginger" Davis' saloon and to have adjourned to a small court to have the row out in a series of fights.

Ed Eckler and a man named Wright had a fierce fight and there was a Donnybrook fair in the small way leading to Main street. The crowd was in the restaurant a few minutes later and the disputes continued. When revolvers and knives were flourished, Burchard, who had entered to get a lunch, is said to have attempted to wrest the weapon from Snowden's hands, jumping from his seat at the lunch counter. Burchard is a powerful man and would have accomplished his purpose, but the muzzle of the revolver was pointed at him and five shots fired in quick succession.

A version of some of the colored men is that Burchard mixed in the fights, but the most reliable evidence at hand is that the mill heater, who is a quiet and respectable citizen, had gone to the restaurant for a lunch and interfered in the row as a peacemaker to save the lives of others, as the place was crowded.

The wounded man is 32 years old and has a wife and a daughter about nine years old. He has always borne a good reputation. His father, David Burchard, deceased, was a pioneer printer of East Liverpool and Wellsville.

PRESIDENT CASTRO, GENERAL URIBE-URIBE AND THE CRUISER CINCINNATI.

The cruiser Cincinnati, to which has been depicted the task of safeguarding American interests in Venezuela which our government feared might be jeopardized by the recent turn of the rebellion in that country, is amply able to give a good account of herself. It will be remembered that President Castro backed General Uribe-Uribe in an insurrection designed to overthrow the government of Colombia. Meanwhile Castro's own people rebelled against his rule. Uribe-Uribe was defeated in Colombia and Castro's government is now in a precarious condition.

## YOUNGSTOWN LINE

Company to Build a Steam Rail-way From Mahoning's Capital to East Liverpool.

Columbus, July 5. — (Special) — Youngstown and East Liverpool are about to be brought nearer to each other. Before long the map will show the Youngstown & Southern railway, and the inhabitants along the line will reckon the time by passage of the "u" freight.

The railway company is a recent creation. It has been discussed and silent considered for years. Hon. Asa W. Jones on Thursday entered the office of the secretary of state with an armful of legal looking documents. They

proved to be articles of incorporation for the company which proposes to build the road. It will be a steam railroad.

Besides General Jones, the following gentlemen are interested in the incorporation: R. L. Andrews, William S. Anderson, John R. Ruhman and W. S. Ruhlin. The capital stock is at present only \$10,000, but it is understood that this will be increased as required.

It is proposed to begin operations as soon as possible, all the preliminary arrangements having been completed.

## THEIR STAY HERE ENJOYED

Parade of Yesterday Morning an Imposing One—Program at the Park Followed By Grand Ball—The Visitors Departed.

Everybody Seemed Bent on Enjoyment and Found It—The Usual Number of Minor Accidents and Narrow Escapes Are Chronicled.

Beautiful weather marked the opening of the closing day's session of the biennial Bezirks turnfest of the Pittsburgh district. There was one slight shower during the afternoon, and it did not last long enough to mar the pleasure of the visitors. Many of the visitors commenced to celebrate the Fourth Thursday evening, and yesterday every person was in the best of humor.

The parade during the morning through the main streets of the city was imposing, and the several societies as they marched to the park were warmly applauded. The parade was headed by the city police and members of the city council riding in carriages. Several trades were represented, but the several societies were the main features.

There was nothing special going on at the park yesterday morning other than personal enjoyment. The visitors certainly were having a fine time. Especially can this be said of the ladies of the Johnstown Turnverein. They attracted an unusual amount of attention. Never before was there a more orderly crowd of visitors in the city. There was a mass waltz exercise at the park in the afternoon, which was one of the most pleasing exercises of the week. This was under the direction of Prof. Herman Arnsdorf, of the East Liverpool Turnverein. There was also a special class exercise for the children, which proved very interesting. The little folks did finely and were loudly applauded.

These events occupied but a short time, after which the visitors assembled on the spacious grand stand for the purpose of watching the distribution of the class diplomas. Active Turners assembled in the front of the

## THE BIG SAFE HERE

And the New Dollar Savings Bank Will Open Some Time Next Week.

The big new safe for the Dollar Savings bank has arrived. As there is no wagon large enough to haul it, it will be taken up on the car on the Horn switch and slid down on planks to the bank building.

The bank will open for business some time next week.

cracker and had considerable fun with passersby by running when they appeared and fooling them with the big cracker. However, they placed a big dynamite cracker in it, and Harry Grim, of Ferrytown, came along. He started to pick it up when warned by Toland and his party to leave it alone. He persisted, however, an explosion occurred, blowing the front finger of his right hand clear off, splitting the hand and badly lacerating both of his hands.

Dr. Lemmon, of Calcutta, was seen and dressed the injuries, but it is not yet determined what another finger may have to be amputated. Mr. Toland and party kindly paid for the surgical attention to the injured man, and are quite chagrined that their fun turned out so disastrously.

Lizzie, the 12-year-old daughter of Attorney and Mrs. A. H. Clark, very seriously injured her hand yesterday morning while shooting a toy revolver. The weapon inflicted a very bad wound between the second and third fingers of the left hand, tearing away a part of one of the tendons.

A young son of Mr. and Mrs. Edward Orr, of Johnston avenue, while lighting powder yesterday evening received some bad burns about the face. Dr. Bailey attended to his injuries.

An East Market street Chinese washerman taught the young boy how to shoot firecrackers last night, and set off large strings at one time, attracting the attention of several hundred people on the Diamond.

Garret Menough, the 10-year-old son of G. W. Menough, had his hand badly lacerated by the premature discharge of a revolver.

A son of William Arb, Lisbon road, was badly injured by a cannon crack.

The 5-year-old son of William Devon, of Thompson avenue, yesterday had his left hand hurt with a blank cartridge. Dr. Toot dressed the injury.

A young son of W. L. Smith while handling a toy pistol badly burned his hand by the explosion of a blank cartridge. The muscles of the hand were also injured. Dr. Bailey dressed the injury.

A 12-year-old daughter of Mr. and Mrs. Warren, of Plutus avenue, Chester, had her right eye severely burned last night by a fire cracker explosion. She will not lose the sight of it.

Fred McGlumphrey, a 16-year-old boy of Ninth street and Phoenix avenue, Chester, had his right eye burned by the premature explosion of a fire cracker, last night. He may lose the sight of it. Dr. Lewis attended both cases.

Chairman McNutt and Secretary Connell immediately started to prepare for the election.

Surprise is felt here that Mr. Phelps should enter his name in Columbiana county.

## MANY THOUSANDS RODE

It Was a Busy Time on the City Street Railway System Yesterday.

Figures given out by the officials of both street railway lines of this city show that almost 40,000 persons rode on the two lines yesterday. Manager Healy states that about 15,000 passengers were carried on the East Liverpool railway, while Supt. Flood, of the Rock Springs road, states that between 18,000 and 19,000 rode on that line.

Lisbon, July 5. — (Special) — J. A. McAllister, of Kensington, has started an action in common pleas court, to recover \$2,000 damages from J. W. Cox, of the same village. It is the outgrowth of Cox's agreement to buy his grain and lumber establishment. It was stated last week that these plants would close down on the evening of June 28 for two weeks, but as conditions have changed since then, early resumption is expedient. ## WHAT AGREEMENT MEANS.

The anxiety which has been existing in the western pottery centers for the past fortnight over the possibility of a strike, was relieved Thursday afternoon when the statement was given out officially that no strike of the pottery industry would be called this year.

An East Market street Chinese washerman taught the young boy how to shoot firecrackers last night, and set off large strings at one time, attracting the attention of several hundred people on the Diamond.

Garret Menough, the 10-year-old son of G. W. Menough, had his hand badly lacerated by the premature discharge of a revolver.

A few matters were agreed to at the joint sessions Thursday, but one of the most important questions which the operatives hoped to have settled was that which related to the abolition of the contract system. Another related to a uniform scale in the decorating department. The contract system was fully discussed by both sides, but it was soon seen that the manufacturers were reluctant to do anything with the question. It was then agreed to allow the conditions in such departments to remain as they are during the year.

As to the uniform scale in the decorating department, it is stated that the manufacturers looked into this matter quite thoroughly, and stated to the operatives' committee that they thought the uniform scale in the decorating department would be a detriment to many employed in that branch of the trade. Certain details of this branch of the trade were rehearsed after the subject was dropped.

The matter of forming a uniform scale for the grinders and polishers was allowed to be settled by the local, while that of casting is to be treated likewise.

Sanding setters was one thing which the manufacturers agreed to do, but it may be called a minor matter.

There were several matters discussed by the two committees relative to changes in the present list, but it is mutually agreed to allow such questions to be settled by committee work. This will be done at a future date.

The members of the two conference committees were besieged all day yesterday and Thursday for the inside facts concerning the settlement, but both sides hesitated to speak of the matter, though all agreed that they were glad matters had been settled satisfactorily. Assurances are now given that all shops will resume at an early date, and the outlook for a continuous run until Christmas is exceedingly bright.

Manager Ben Harker, of the Laughlin pottery company telephoned this office Thursday evening that commencing next Monday plants No. 2 and 3 of this company, would start up in full. It was just a few moments after the conference adjourned, and the early announcement that these large factories would start at once was the best news obtainable. It was stated last week that these plants would close down on the evening of June 28 for two weeks, but as conditions have changed since then, early resumption is expedient. It is not likely the plants will start in full at once, as some of

# ONE GAME LOST AND ONE VICTORY

Result of Ball Games With the Fairbanks on Independence Day.

## A LARGE CROWD AT PARK

The All-Cubans on Thursday Simply Had Things Their Own Way, and Proved the Best Team Here This Season.

In the two games played in West End park yesterday by the Fairbanks, of Allegheny, and the local aggregation, the latter won the first by a score of 9 to 3, while the visitors walked away with the latter by a score of 7 to 2. The largest crowd of the season was present at the morning game and a fair crowd in the afternoon, notwithstanding that there were numerous attractions in the city.

Had Probst, the pitcher for the visitors, held his head and had any control over the ball, the games might well have been classed the best witnessed up to date. Every man on both teams with the exception of Probst, played a fast game, and the errors made were remarkably few.

In the first game the score was a tie until the sixth inning when the locals by a spurt of good luck, and by a half dozen errors on the opposite side made six runs. The game was then tied up. Probst was in the air, giving about every other man up his base on balls, while Winters was doing finely. Kommer was substituted for Probst, and the remainder of the game was rather close.

Many Pittsburgers were present in the morning and rooted wildly for the Allegheny boys, but their jabber had little effect upon the locals. They were all down on Umpire Rark because he would not give them the best of it, but the staid little man paid no heed and meted out justice.

The second game was all that could be asked, unless some would have asked that the locals win. Kommer was a little too much for them, and had them in his power throughout. Ten men struck blindly at the wind and only five hits were registered against him. His south paw delivery worked to perfection. Patterson also pitched a pretty game, and the losing of it is by no means credited to him.

**A FINE HALF YEAR.**

Trade Remarkably Satisfactory, Aside From Labor Trouble,

**LARGEST EARNINGS REPORTED.**

Such Were Those of the Railroads  
In Spite of Many Drawbacks—General Level of Grain Prices Higher  
The Failures.

New York, July 5.—R. G. Dun & Co.'s Weekly Review of Trade, issued today, said in part:

Quiet conditions have prevailed in most branches of business, especially in those markets already affected by labor disputes. Large interest payments testify to the prosperous condition of railways, industrial corporations and financial institutions, and aside from the labor troubles, the half year just ended was remarkably satisfactory. Railway earnings for June exceeded last year's by 6.4 per cent and those of 1900 by 19.9 per cent.

In the iron and steel districts there have been no developments of importance. In the textile markets cotton goods sold freely at recent concessions and the tone was steady, while woolen mills are more actively engaged, and buyers are in the eastern markets for raw material. Quotations of wool made a further slight advance, and firmness is expected at the London auction sale next Tuesday.

## Grain Prices Higher.

The general level of grain prices is higher for the week, especially corn and oats. Eastern markets reflected the strength, but did not share the activity. Both receipts and exports have been light, wheat arrivals amounting to only 2,463,333 bushels against 2,889,090 last year, and exports from all ports of the United States were 2,746,635 bushels, compared with 2,776,103 in 1901. Cotton prospects brightened with rain in the southwest, yet there was no weakness. The crop year closed with receipts of coffee at Brazil ports surpassing all records, and prices remained at the bottom point.

In spite of many serious drawbacks railroad earnings for the half year just closed are the largest ever reported. Total gross earnings of all railroads in the United States, reporting for the half year to date, are \$618,470,508, a gain of 5.7 per cent over last year and 18.7 per cent over 1900. This report is practically complete for roads embracing three-fourths of the total mileage of the United States for five months, and includes partial returns for June.

## The Commercial Failures.

Commercial failures for the first half of 1902 numbered 6,165, with liabilities of \$60,374,856. Although this is an increase of \$4,570,166 compared with last year, and \$18,311,923 more than the exceptionally favorable record of 1899, it is necessary to go back 15 years to find another more gratifying showing than that of 1902.

Despite a few exceptionally heavy failures in British Columbia, failures in the dominion of Canada for the first half of the year were only \$5,739.

**ROGERS MAN KILLED**

Died at Pittsburg of Injuries Received in the Panhandle Railroad Tunnel.

Charles Huston, 34 years old, of Rogers, O., died at the West Penn hospital, Pittsburg, Thursday, as the result of injuries sustained in the Fourth avenue tunnel of the Panhandle railroad on June 28. Huston was a line-man in the employ of the railroad company. On the date of the accident he was at work in the tunnel drilling a hole in which to fasten a cable hanger.

As he worked a westbound train was passing through the tunnel, which made so much noise that the sound of a train approaching on the eastbound track could not be heard. The train struck the ladder on which Huston was standing and he rolled beneath the engine, receiving injuries which caused his death.

This disease is generally regarded as incurable, mainly for the reason that the remedies usually employed are ineffectual. That it can be cured, however, has been fully proven in many cases. The following tells of one of them: Mr. T. W. Greathouse, of Prattsburgh, Ga., says: "I had been suffering from chronic diarrhea for seven years. Last year I began taking Chamberlain's Colic, Cholera and Diarrhea Remedy, and it has entirely cured me. I had spent lots of money for doctors' medicine in the run of of the seven years. If it had not been for this remedy I would have been dead now, and I feel that I can never say too much in its favor or recommend it too highly." Sold by Alvin H. Bulger, Druggist.

**THE SMITH & PHILLIPS  
MUSIC CO.****The Home of Peruña****The Hartman Sanitarium,  
Columbus, Ohio.**

As is well known, Dr. Hartman is the president of the Hartman Sanitarium, an institution which has a department devoted exclusively to the treatment of female diseases. He is thus brought to see thousands of such cases every year, the most of whom return to their homes to be treated by correspondence.

THE GREATEST OF  
AMERICA'S  
SANITARIUMS.

The principal remedy he relies upon in such cases is Peruña, which every woman should have, who has any affection of this kind.

In view of the great multitude of women suffering from some kind of female disease, and yet unable to find any cure, Dr. Hartman, the renowned gynecologist, has announced his willingness to direct the treatment of as many cases as may make application to him during the summer months without charge.

The treatment will be conducted by correspondence. The doctor will prescribe all medicines, applications, hygienic and dietary regulations necessary to complete a cure. The medicines prescribed can be obtained at all drug stores. This offer will prevail during the summer months. Any woman can become a regular patient by sending a written statement of her age, condition of life, history and symptoms of her derangements.

All cases of female diseases, including menstrual irregularities, displacements, ulcerations, inflammations, discharges, irritation of the ovaries, tumors and dropsy of the abdomen, should apply at once and become registered as regular

patients. All correspondence will be held strictly confidential. No testimonials of cures will be given to the public except by the express wish of the patient.

No one knows better than Dr. Hartman how much the women suffer with diseases peculiar to their sex. No one knows better than he does how many of them suffer with such diseases. Patiently, hopefully, weakly, and often silently, they eke out a miserable existence year after year.

A woman confined to the house several years with a chronic female derangement

DISEASES  
PECULIAR TO THE  
FEMALE SEX.

had finally given up all hope of being cured. She had tried physician after physician, and remedy after remedy, without any permanent improvement. Her treatment had cost her husband, who was a poor man, hundreds of dollars. They had been obliged to deny themselves many comforts of life in order to get money enough to pay the physicians.

Picking up the paper one day she happened to read an item which contained the news that Dr. Hartman would treat such cases free of charge by letter. She immediately wrote the doctor, describing her case, and giving him all her symptoms. She soon received a letter telling her exactly what to do and what medicines and appliances to get. She began the treatment (the principal remedy being Peruña) at once, and in a few weeks was well and strong again and able to do her own work.

Another woman who used Peruña without becoming one of Dr. Hartman's regular patients had the following experience. Miss Ida Green writes from Baldwinville, Ga.:

"Peruna is wonderful and good, and a certain cure for female weakness. I have been ill and have been taking doctor's medicine for several years, and found that none did me any good. Every day it was a worry. I was always sick. I had come to the conclusion to give up, and not use any more medicine. I was sick indeed for the past two years. Just before I began to take Peruna I was very weak, besides I was bilious and constipated.

"I had pains in my back and side and falling of the womb, with bearing down pains.

"One day while reading my newspaper, I came across an ad, read of the book for women entitled, 'Health and Beauty,' and sent for it. Then I began to use Peruna. After using several bottles I am now thoroughly cured."—MISS IDA GREEN.

Mrs. Theresa Keller, of Fremont, Wash., writes:

"Peruna not only cured me of female trouble but prevents me catching any cold, and as long as I have a bottle in the house my family needs no doctor."

There was a time a few days ago  
when the local industrial situation  
looked rather gloomy. But on Thurs-  
day, the Evening News Review, in  
advance of all its contemporaries, was  
able to lay before its readers official  
confirmation of its previous prediction  
that there would be no pottery strike.  
The result was that thousands of people  
in this city who otherwise would  
have been in no mood for rejoicing entered  
into the celebration of the  
Fourth of July with zeal and enthusiasm.  
Good sense and wisdom have  
ruled in the settlement of the questions  
that had arisen between the op-  
erative potters and the manufacturers  
and they and all East Liverpool are to  
be congratulated. Strikers seldom pay  
and only rarely are they necessary in  
the labor world. A strike of potters  
this year would have been very ill-  
advised and altogether unprofitable.  
The News Review is never a croaker  
nor a prophet of evil, and none of  
doleful rumors and baseless predictions  
which have disturbed the local  
business world in the past few weeks  
have found their way into its columns.  
The exact news of the situation we  
have given fairly and fully; senseless  
chatter and malignant efforts to  
promote strife we have rebuked and dis-  
couraged. That is the proper  
course for a newspaper which believes  
in promoting rather than destroying  
the interests of its home town, and we  
are confident it has met with popular  
approval.

It is now said that the beet sugar  
congressmen have importuned the  
president in such speeches as he may  
make at different points throughout  
the country this summer and fail  
not to discuss Cuban reciprocity,  
threatening, if he does, to defeat the  
measure again. The nerve of this  
demand is superb, but it will hardly save  
them. And the president is not giving  
it the least attention. He is a man  
who speaks his mind.

In 1776 the Independence day cele-  
bration was participated in by a couple  
of million of people dwelling along  
the Atlantic coast. In 1902 it is ob-  
served by 80,000,000 to 90,000,000 of  
people, scattered from the Arctic circle  
to Porto Rico, and from Eastport, Me.,  
to the extremity of the Philippine archi-  
pelago.

For a city that had no advertised or  
pre-arranged Fourth of July program,  
East Liverpool certainly did the thing

up brown. It is a safe statement that  
we had a much better and more en-  
joyable celebration than many cities  
which spent a great deal of time in  
preparation for such an event.

President Roosevelt celebrated the  
Fourth by making it one of his busiest  
days. His speech at Pittsburg was no  
high-sounding holiday address, but a  
grand, thoughtful and patriotic  
speech, as worthy of careful perusal  
as a message to congress.

The war taxes are a thing of the  
past, with the exception of the tax on  
mixed flour and on tea, and tea will be  
untaxed after January 1 next. A re-  
duction of \$70,000,000 in taxation at  
one stroke is large beyond precedent,  
but the Republican party can stand it.

The East Liverpool postoffice has  
done a business unprecedently large  
during the past quarter. Such figures  
as it reports tell the story of the city's  
prosperity in a way that is both im-  
pressive and eloquent.

Senator Bailey "regrets the neces-  
sity" of his physical assault on a broth-  
er senator. Mr. Bailey's necessity  
knows no law and no propriety, either.

The length of the accident list shows  
that the Fourth was observed strenuously  
and earnestly.

Many a man who noisily celebrated  
yesterday resembled an exploded fire-  
cracker today.

Young America and old America  
both found abundant reason for rejoicing.

The Turners found East Liverpool  
hospitality the genuine article.

The delayed hot weather has arrived  
all in a bunch.

We have been telling you  
about our Grape Phosphate  
for months.

May be you think we give  
it too much attention. We  
think not, if its sale is any index.  
You can tell how popular it is.  
Next time you are at our Soda Fountain, notice  
the number who are drinking  
from fine, blown glass gob-

serve our Grape Phosphate.  
It's the only drink we serve  
that way.

### POTTERY NEWS

One of the best known pottery firms  
in the city has within the past fort-  
night been experimenting with the  
making of a fine grade of china, and  
the results so far obtained are more  
satisfactory than was anticipated. Sev-  
eral dishes that have been fired show  
unusually good workmanship, and it  
is the intention of this firm, as soon  
as it is found that a good grade of high  
class china can be made, to branch  
out on that particular line on a large  
scale. Some years ago the making of  
fine china was begun here, but the  
trade was never as extensive as it  
might be. If the present experiments  
prove as successful as expected, the  
East Liverpool grade of high class  
china will be found equal to that any-  
where.

### PANIC STRICKEN

Were Passengers on a Car That Start-  
ed to Run Away—None  
Seriously Hurt.

A car on the East Liverpool railway  
got up as far as Third street on Wash-  
ington street, at 5 p. m., yesterday,  
when the power gave out. The motor-  
man lost control and the car started  
down hill. The passengers became  
panic stricken and made a break to  
jump. One woman who was on the  
rear platform was caught in jumping  
by Proctor Ankrum, a spectator. A man  
immediately jumped off behind  
Ankrum and the lady and knocked them  
both down, but Ankrum saved the lady  
and himself from going under the car  
wheels by pushing their bodies away  
with his foot.

A car following the runaway had to  
hastily back to Second street to get  
out of the way, and the runaway was  
finally stopped at the foot of Wash-  
ington street. The accident created  
great excitement.

### At the Park Tomorrow.

Owing to the inclement weather last  
Sunday evening the transformation  
choir was unable to sing at Rock  
Springs park. This attraction, which  
by the way was originated in this  
city, will appear at the park tomorrow  
evening. The choir is composed of  
some of the best singers in the city,  
and by those who have heard rehearsals,  
claim their singing to be of the  
finest order.

### BIG TURNFEST

(Continued from First Page.)

grand stand, while the visitors and the  
judges passed the diplomas over the  
railing. Whenever a diploma was pre-  
sented to a Turner there was long ap-  
plause.

Johnstown Turnverein succeeded in  
capturing the first prize. The second  
went to the Southside, Pittsburg, and  
the others were bestowed in the fol-  
lowing order: Central, Pittsburg;  
Lawrenceville, Allentown; Eintracht,  
Monongahela; Allegheny, Eintracht,  
Homestead; Central, Braddock;  
Wheeling, East Liverpool.

For fencing, a special prize was  
awarded to Robert Allen, of the Central  
Turnverein, Pittsburg. For apparatus  
work a special prize was pre-  
sented to Otto When, of the Johnstown  
society. In the singing contest, at the opera house Wednesday evening,  
the Central, of Braddock, captured  
first honors, while a special diploma was  
presented to William Pietsch, of  
Monaca, for reciting. Other special  
awards were made to Louis Doescher,  
Allentown; Charles Magel, Southside;  
Frank Raub, Johnstown; William  
Marchl, Johnstown; Martin Weitzel,  
Southside; William Decker, McKeesport;  
Fred Wittman, Central, Pitts-  
burg.

Special mention was also made of  
the ladies' fencing class of the Johnstown  
Turnverein, and well deserved it was.  
Each and every member of this  
class acquitted herself admirably, and  
too much cannot be said of their  
work.

The individual class winners of the  
Allegheny society were: Ernest  
Schleip, Richard Schultz, Eddie Geis-  
selhart, Harry Ruetters, who received  
a diploma for fencing and apparatus  
work; Edward Weiterhauser, Her-  
man Bloedel. Those from Monaca  
were George G. Owens, S. Schrum, R.  
Elsner, F. Zink, H. Miksch.

Many of the visitors commenced to  
leave for their homes last evening.  
Their stay in this city has been most  
pleasant.

During the afternoon yesterday the  
ladies of the fencing class of the  
Johnstown Turnverein presented a  
large photograph of the class in fenc-  
ing uniform to the East Liverpool  
Turnverein. This was accepted upon  
the part of the local society by Robert  
Habenicht.

In the evening a grand ball was  
given in the Turner hall, which was  
largely attended. It was a success in  
every particular. It was also announced  
last evening that the local society  
was about \$900 in debt as a result of  
the bad weather, but they hoped to  
clear all expenses before the close of  
the fest.

The following is the official list of  
the individual class winners and the per  
cent obtained by each:

Johnstown, 63.31 per cent; South-  
side, 62.48; Central, Pittsburg, 61.77;

Homestead, 58.38; Braddock, 53.59;

The individual class winners and the  
per cent obtained by each are as fol-  
lows:

## RESCUED NONE TOO SOON

Party of Six Upset in Croxton's Run,  
and Narrowly Escaped Death in  
the Flood—The Little One's Awful  
Experience.The families of Curtis Godman and  
Joseph Daniels, of New Cumberland,  
had a thrilling experience Thursday  
evening while attempting to cross  
Croxton's run, one mile above Toronto.The big storm in that section caused  
the run to overflow its banks, and so  
strong was the current that it tore out  
some of the abutments in the new  
county bridge recently finished.There were six of the party in a  
surrey, bound for John Walker's home  
in the country, and when Mr. Godman  
drove into the stream, the current  
carried and upset the carriage, throwing  
out a six-months-old baby of the  
Godman family and a young daughter,  
Lucy Daniels, 10 years old of the Daniels  
family. The others managed to extricate  
themselves and reach shore. The  
baby floated down the stream for  
quite a distance, and lodged against  
a rock, where it was rescued by  
Charles Petty.Lucy Daniels floated on down the  
stream for several hundred yards  
clinging to a cushion of the carriage  
and was rescued by boat just as she  
was floating out into the current of the  
Ohio river.When the baby was rescued it was  
unconscious and red in the face. After  
superhuman efforts in rolling and other  
restoratives the little one finally  
was saved from death.Lucy Daniels was also much over-  
come, but did not undergo the experience  
of the babe.The surrey was completely wrecked  
and with difficulty both horses were  
got out from the angry waters.The accident brought to the scene  
hundreds of spectators from Foster-  
ville suburb and many of them assisted  
in the attempts to rescue the children  
and other members of the family  
from the waters.Mrs. Daniels was rescued with diffi-  
culty still clinging to the carriage, and a  
spectator plunged in and brought her  
safely to shore.

a hearing before Mayor Fogo upon  
a charge of stealing money to the  
amount of \$48. Howell and a man  
named Powell have been employed at  
the Vulcan brick yards and Thursday  
being pay day, both applied to Cashier  
Beacon for their wages.Mr. Beacon states that Powell had  
\$48 due him and that Howell had \$1.60  
and that when he called the names on  
the pay roll Howell answered to the  
name of Powell and thereby got the  
envelope containing the \$48. The mis-  
take was not noticed until Powell dis-  
covered that he was \$46.40 short, having  
received Howell's envelope.The police were notified and quickly  
had Howell under arrest.ABOUT WELLSVILLE FOLKS.

\$1,920, Dennis Ryan, a wealthy con-

placed in the city jail last evening as  
a plain drunk. He was arraigned before  
the mayor this morning and pre-  
sented a comical appearance, being  
minus his shoes, collar, cuffs, necktie  
and several other pieces of wearing  
apparel. He considered it a great  
joke on the authorities to have a cell  
from which even his clothing could be  
stolen while asleep. When arrested by  
Chief Thompson he was trying to  
buy Columbian park. He contributed  
\$5.60 of his roll to the city treasury.John Burris was arraigned. He had  
been drunk and was arrested by Offi-  
cer Woods. Only \$5.60 could be im-  
posed. His mother, over 60 was pres-  
ent, and pleaded that the mayor make  
the fine as strong as possible, stating  
that he had abused her. She was moved  
tears while talking. The mayor  
reprimanded the brutal young man  
severely, and warned him that if he  
ever was incarcerated again for the  
same offense he will go to the work-  
house.John Hill, Minerva; Bert Hill, city;

# THE PRESIDENT'S OWN POLICIES

Announced to Many Thousands  
In Schenley Park, at  
Pittsburg.

## TRUST LAWS TO BE ENFORCED

But New Legislation Is Needed to  
Regulate the Gea:  
Combines.

## CUBAN RECIPROCITY MUST BE.

Strong and Determined Speech Made  
by the President—Cries Enormous  
Ovations En Route From Depot to  
Park—Lunched at Home of H. C.  
Frick—Later Spoke at a Dinner at  
the Schenley Hotel, Given by At-  
torney General Knox—Left Early  
This Morning For Oyster Bay, L. I.

Pittsburg, July 5.—President Roosevelt spoke at Schenley park yesterday to a crowd estimated at from 75,000 to 100,000. On the platform with him were Attorney General Knox, Secretary to the President Cortelyou, ex-Governor Pattison, Democratic candidate for governor of Pennsylvania; Judge Pennington, Republican candidate for governor of Pennsylvania; Governor Stone, of Pennsylvania; Congressman Balzell and others more or less prominent.

### President Is Determined.

The president spoke in a determined manner, in announcing his policies, one of which was that reciprocity with Cuba WILL be enacted, any member of revolution that may flame up in the Philippines WILL be put down, and that the laws against trusts will be enforced, and also that new legislation for the regulation of trusts should be enacted.

As the president's train came to a standstill at the Union depot at 8:44, a salute was fired by Battery B.

After waiting in the car for a time the president and others appeared, the carriages were filled, and the parade started. Brigadier General Wiley had charge of the parade.

Sheridan troop surrounded the carriage with the president and also took up the line in front of it with drawn sabers, and at the sound of the bugle the line began to move at 9:20 o'clock.

The president's carriage was a new landau, drawn by four black horses with gold mounted harness, with Driver John Brooks on the box. Brooks has driven Presidents Harrison and McKinley on their visits to this city, and as he started his horses the crowds again rent the air with cheers. With the president rode Recorder J. O. Brown, Attorney General P. C. Knox and George B. Cortelyou Detectives William Shore, Bernard McStay, William Bradley, of this city, and Detectives Frank Helan and Charles Peck, of Washington, marching on each side of the carriage. Directly in the rear of the carriage rode Colonel John P. Penney, special aid to the president. Behind was a carriage in which rode Superintendent of Detectives Phillip Denzel and two secret service men.

### Gubernatorial Candidates There.

Among those in the other carriages were: Governor Stone, Gubernatorial Candidates Pennington and Patterson, Congressmen Graham, Balzell, Acheson, Bolles and Jack, General Fullings and Revs. Drs. Boyle and Prugh. Following were Battery B, Boys' brigades, Eighteenth, Fourteenth and Tenth regiments, N. G. P., Sheridan Troop, Swift's Mission Cadets and other military and civic organizations.

On the way from the station to the park the president was given vociferous ovations, to which he responded at times enthusiastically. He was also received with enthusiasm by the crowd on entering the grand stand.

The exercises at the park consisted of prayer by Rev. Dr. John Prugh, singing by the choir, reciting of the Declaration of Independence by Brig.

## EASILY DECIDED

The Question Should Be Answered  
Easily By East Liverpool People.

Which is wiser—to have confidence in the opinions of your fellow citizens or depend on statements made by utter strangers? Read this:

Mr. Charles Smith, of 198 Fourth street, letter carrier, says: "I contracted cold which settled in my kidneys and caused such severe pain across the small of my back that I could scarcely get around my trip. I thought it would wear off, but as it did not, but grew worse, I got Doan's Kidney Pills at the W. & W. pharmacy, and took them. The result was the pain soon left me, and I am all right again."

Sold for 50 cents a box by all dealers. Foster-Milburn Company, Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

Sold by W. & W. pharmacy.

# Well Preserved

Women often astonish new acquaintances, who are introduced to a large family of strong boys and healthy girls, who call this young looking woman mother. It is popularly supposed that maternity is the foe of beauty, and the worn and faded face of many a mother seems to warrant the belief. But it is hard to believe that nature should compel a woman to sacrifice the rightful dower of her beauty in order to carry out a natural function of her being. And nature does not. The pains and sufferings incident to motherhood are, to a large extent, unnatural.

This is proved by the use of Dr. Pierce's Favorite Prescription, which prevents and cures nausea, tranquillizes the nerves, encourages the appetite, induces refreshing sleep, and makes the baby's advent practically painless.

Mrs. Orrin Stiles, of Downing, Dunn Co., Wis., writes to us, intending to write to you ever since my baby was born in regard to what your Favorite Prescription is. I cannot afford it enough for I have not been well for five years as I am now. In July last I had a very bad cold, weight in the, and I was only sick a short time, and since I got up have not had a sick day. I have not had any uterine trouble since I got up. I was not only surprised myself but all my friends here are surprised to see me so well.

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets clear the complexion and sweeten the breath.

After General Fullings speech by the president, more singing, brief remarks by Attorney General Knox and prayer by Rev. Dr. T. N. Boyle. A band helped amuse the crowd.

The president spoke in part as follows:

### Portion of President's Speech.

We have had our tasks to do in the last four years, or rather we have added every generation must have many tasks to do, tasks affecting us abroad, and one of these tasks being done, as it has been, signals our entry into a large world. (Applause.) And it is most appropriate that on this Fourth of July, the anniversary of the birth of the nation, it should be our good fortune to have negotiated the declaration establishing of peace in the Philippines and the acknowledgment to the world of the praise so highly due to the American who wear the uniform of the United States, for all that they have done in the tropic islands during the past four years. (Applause and continued applause and cheers.)

We said Cuba should become a free republic and we have kept our word. (Applause.) We have turned Cuba over to the hands of its own people immediately after the withdrawal of the Spanish flag, which would have meant ruin and chaos. We established a government in the islands. We established peace and order; we began to provide for the payment of the debts of the nation, which had been incurred by the Spanish, and which were the misfortune of their oppressors; we instituted a public school system, modeled upon that which had been so potent a factor in our own national progress. (Applause.) We cleaned the cities of Cuba for the first time in their history. (Applause.) We cleaned them from being the most unwholesome cities of the civilized world. We introduced a system of orderly justice to succeed one of irresponsible and arbitrary despotism, so that any man, rich or poor, weak or strong, could appeal to the law and know that he would receive his rights.

And then when in the fulness of time, we felt they could walk alone, we turned over the government to them, and now the beautiful Queen of the Antilles has started on her course as a free republic among the nations of the earth. (Applause.)

But there is one thing—our policy toward Cuba has not yet met with its entire fruition. It will meet with it. (Applause.) The course of the last few years has made more evident than ever before that this nation must in time to come pecuniarily interests on the Islands connecting the U. S. and the waters and among the islands adjacent thereto. (Applause.) Nationally we cannot occupy the position toward these regions that we did toward others, where our interests are far less, and this is doubly true now that congress with great wisdom has provided for the holding of Cuban interests and— (Applause.)

Cuba must occupy a peculiar relation to us in the field of international politics. She must in the larger sense be a part of the general political system in international affairs, of which this republic stands at the head. I regret that a measure of reciprocity with Cuba is not already embodied in statute or treaty, but it will be just as sure as fate. (Applause.)

(Applause.) It may be, I think unlikely, but it is possible, that here and there some seeming dead coal of insurrection may be for the moment fanned into a live flame. And, having done, our soldiers fought, have rallied, have struggled, have fought, that when victory came they might turn over the government to the civil authorities. (Applause.)

Victory came. Today the proclamation of peace and amnesty has been promulgated and at the same time our generals have been noticed that the civil government is supreme in the Islands. (Applause.)
